10th May 2021

Dear 

I write on behalf of Bradford Abbas Parish Council as we have been approached by a considerable number of village residents expressing their strong concern to the fencing erected in Gallop's Field.

As we discussed at our meeting last year with you the path you have now prevented the public using in order to gain access to the river has been available to villagers for countless years previously.

We would like to know if you would consider selling or renting the field to the Parish Council so that a way of life enjoyed by the village for more than anyone can remember can be maintained.

If so, could you let us know the cost of the purchase or the annual rental price.

Thank you for your consideration to resolve this issue.

Sincerely,

Mrs L Bennett
Chairperson of the Bradford Abbas Parish Council
